WITHIN 3 YEARS OF GRADUATION (Last Updated December, 2016)**

A distinguishing feature of our Ph.D. program is that we have a tradition of providing guidance and support that helps students learn how to shape their work in ways that facilitate publication in peer-reviewed journals. As a result, many of our students publish papers from their dissertations in select journals as indicated in the list below.

In the listings below, authors who are Syracuse University graduates and faculty are highlighted in BOLD.
