

# Political Science Major Checklist (Before Fall 2018 matric)

To declare a political science major, students must complete one PSC course with a grade no lower than a C-. The B.A. in political science requires 30 credits. Majors must complete PSC 121 and PSC 202; an additional lower division course (100 or 200 level); six upper division courses; and an additional course at any level. Please note that PSC courses with a grade of D may not be applied to the major requirements.

PSC majors must take at least one course from the approved list of courses with international content. Political science majors must take at least 9 credits of coursework included in one concentration of related upper-division courses. (Concentrations are listed below.) Experience credit courses may not be used to satisfy major requirements. Political science majors seeking a degree with honors must satisfy the requirements of the Honors Program in addition to the requirements for the major in political science.

Graduation with a B.A. or a minor in political science requires a 2.0 average in the upper-division coursework applied toward the major or minor.
