

POLICY DESIGN STUDIO

PROVIDING EVIDENCE-BASED TRAINING AND ANALYSIS ON THE DESIGN AND IMPLEMENTATION OF PUBLIC POLICIES TO SUPPORT GOOD GOVERNANCE

At the Policy Design Studio, we provide training and analysis on the engagement of government and non-government stakeholders in policy formulation, the design of public policy content, and policy implementation.

Through trainings, we equip governments, non-government organizations, and future public service leaders with skills for stakeholder engagement in the policy process, policy design, and policy implementation. Through analysis, we help governments and non-government organizations evaluate whether policies are effectively designed and carried out. Trainings are offered through short, online and in-person modules, multi-day workshops, and a contractual basis. Policy analyses are conducted on a contractual basis with government and non-government organizations.

The Policy Design Studio is part of the Center for Policy Design and Governance located in the Maxwell School of Citizenship and Public Affairs at Syracuse University. Center personnel are policy researchers with expertise in the public policy process.

Who we are

Policy researchers with academic training in policy design and governance

We offer expertise on

Stakeholder engagement in the public policy process, policy design, policy implementation

Who we serve

Governments, non-government organizations, and future public service leaders

What we offer

Trainings and technical analysis

Center for Policy Design and Governance
Maxwell School of Citizenship and Public Affairs
Syracuse University
426 Eggert Hall, Syracuse, NY 13244

The Center for Policy Design and Governance catalyzes integration of policy, political, and computational sciences in research and teaching to help scientists, practitioners, and future public service leaders understand and address critical existing, evolving, and future governance challenges.
